

President's Note

**Greetings NDA
Members and Friends,**

I am Kim Perry, DDS, MScS and again I would like to thank you for your level of confidence in me as the 93rd President of the National Dental

Association. Just a little about me for those of you who are new to the NDA. Born and raised in Newark, NJ, I graduated with a degree in Chemistry from Rutgers the State University and received my DDS from the University Of North Carolina School Of Dentistry. I completed 4 years of active duty in the Army Dental Corp as a Captain and opened 2 dental clinics in medically underserved communities. Served on the faculty at Baylor School of Dentistry for 9 years in the Department of Restorative Sciences and a Course Director for Dental Materials. As the first dentist trained in a NIH Clinical and Translational K12/CTSA, I graduated with a Masters of Science degree with Distinction. In 2012 served as the Associate Dean of Clinical Affairs at Meharry Medical College. Later in 2014, I took on the role of the Inaugural Associate Dean of Clinical Operations and VP and Dental Director for A.T. Still University and Affinia Health Care partnership respectively. Currently, I am the Associate VP of University Strategic Partnerships for A.T. Still University.

The NDA has been near and dear to my heart for 15 years; where I have served as the President of the UNC-Student National Dental Association, an NDA volunteer, District V-Board of Trustee Member, Chairman of the Board of Trustees (2 terms), Vice President, and now the President. I have been married for 33 years to Ben Perry and we have 2 sons, Benjamin and Christopher. I share this with you to say that I am a servant leader who comes from one of the most underserved cities in America, who cares about the NDA and the NDA Family Organizations, our mission, our core values, the communities that we serve and you, our members. My leadership style is inclusive, growing and developing others, outcomes driven and focused on key aspects that lead to meaningful and impactful outcomes.

The leadership seeks to strengthen our organization in 2017 to ensure future relevancy by continuing to:

- Build relationships and partnerships with entities that have a similar mission to the NDA which lead to improved oral and overall healthcare outcomes
- Enhance our membership
- Advocate for our membership and future dental professionals
- Advocate for appropriate Medicaid/Managed-Care reimbursement for dentists and improved administrative processes and procedures
- Advocate for improved access to care and increased dental scope of care for at-risk/vulnerable and underserved populations
- Advocate for our communities and providers of color on matters related to the ACA, and community fluoridation
- Support and advance meaningful research that impacts our vulnerable populations
- Collaborate when opportunities present, with the Hispanic Dental Association (HDA) and the Society of American Indian Dentist (SAID) as evidenced by our 2012 Multicultural convention in Boca Raton as well as other activities in 2015. We will continue to pursue these collaborations in an effort to address the ACA and its impact in underserved and vulnerable communities.
- Provide exceptional continuing education for our members

In January, February and March, I have hit the ground running:

- **Attended the National President's meeting of national organizations at the ADA to discuss the ACA** and its impact on the practice of dentistry, children, adults, oral health care providers, and communities of color.
- **Worked with a team to review and develop our 2017 legislative agenda** and ensure that it is consistent with the current NDA position statement dated Oct. 7, 2016 on Access to Care: Patients, Providers and Workforce.

- **Met by conference call and or in person with all of our Corporate Round Table Members and potential sponsors with missions similar to ours, who generously support, partner or collaborate with the NDA.** These sponsors assist the NDA in meeting our mission by supporting our conventions, CE, students, NDA Families, and community outreach efforts through NDA-HEALTH NOW® all in an effort to assist the NDA to bring our mission to life. These engagements were designed to sure-up our relationships with our sponsors and determine if both the needs of the NDA and the sponsors are being met and what a partnership going forward would look like ensuring a “win-win” for all. Often during these communications, we are informing them how each of you collectively help to meet the needs of communities of color. Telling our story to those who may not be aware. Informing partners, sponsors, and vendors of the collective buying power of my colleagues and collectively identifying methods by which we can track this added value that we as dental professionals of color contribute to the economy. This added information can help to guide a process by which you as members and the patients that you serve, could benefit. You will hear more about this.
- **Working to enhance communications between the national level of the NDA and our state and local NDA constituencies.** We will begin one hour monthly meetings with local presidents and leaders. I want to hear from you!! Providing an opportunity to contribute to the agenda, identify challenges in an effort to bring about desired change. Who will be on the calls??? Your NDA leadership team, who will have discussions about what impacts our members the most.
- **Enhancing communications with our leadership and our new dentists.** Will be engaging our new dentists to identify the challenges and or concerns of the NDA new dentist.
- **We have challenges, “yes we do”, but I know that after 103 years we will persevere** why, because we are the “they” that others speak so highly of to “get ‘er done” -smile. I will continue to work on securing our future. A future that is relevant and includes all of the NDA Family: dentists, students, the NDA Foundation, hygienists, dental assistants, and the auxiliary. Why, because our communities are relying on us to identify and encourage their best and brightest to consider the oral health profession. They rely on NDA-HEALTH NOW® to provide education regarding the oral systemic link, oral health screenings that connect them to definitive care. Care that has a strong potential to improve their health and overall outcomes for communities.
- **Involved in discussions around the impact of fluoride in our communities of color.** You will hear more about these discussions.

In summary, the NDA members have been committed to providing quality care to our underserved communities of color for over 103 years and I commend you for that. We must, especially now in this climate, continue to speak up for those who may not be able to speak up for themselves. Continue to take our place at the table to ask the hard questions to those who seek to impact the care our underserved communities receive. Ensure that they receive the resources to obtain the quality of care that they have a right to, in the communities that they live in, provided by a culturally competent team lead by dentists. “If not us then whom, if not now then when”. **The NDA is in a good place today to make a difference.** I have established experience and demonstrated consistency, continuity and commitment to NDA. I stand ready to lead the charge in education, advocacy, research, organized dentistry and patient care. Consistent with the mission and positions of the NDA, together we will continue to work to ensure **“Our Place at the Table” - Advancing and Advocating For the Future of Oral Health, By Leading through Collaborations and Partnerships**“. A promising future that includes, positioning the NDA to continue to address the needs of our membership, our patients and NDA family organizations; striving to establish health equity within the communities we serve; and continuing the emphasis on supporting meaningful research that impacts vulnerable communities.

I look forward to welcoming all of you to the 104th NDA Annual Convention in Dallas, Texas, July 19-23, 2017. I want to take this opportunity to say THANK YOU to all of our sponsors, supporters and exhibitors, who will help us provide a stellar event for our members.

Lastly, I would like to say, I have, have you?

1. **Paid your 2017 NDA Dues**
2. **Registered for the 2017 Convention in Dallas (July 19-23)**
3. **Contributed to the Legacy Fund-our future**

Thank You!

Message from the National Office

LaVette Henderson, CMP, CVEP, HMCC

Howdy Family!

This year's NDA theme, "Our Place at the Table: Advancing and Advocating for the Future of Oral Health", has inspired leadership and the national office to make sure your voice is heard. We remain steadfast in our efforts to collaborate and partner with organizations, corporations and vendors that benefit you professionally and personally. We ask that you continue to inform and engage NDA leaders and national office with changes, requests and needs in oral health.

NEWS UPDATES:

Our signature program, NDA-HEALTH NOW®, continues to make a difference in the communities we serve. We encourage more societies and members to get involved in this activity. Since 2013 we have screened and referred 9,936 individuals of which 1,414 were adults, educated 17,719 via 82 outreach programs in Dallas, New York, Chicago, New Orleans, Washington DC, Oakland and Atlanta. We are looking to expand in other cities but need your assistance. Please visit our website for more information. There you will find a template (Event Request Form) designed especially for our societies to indicate their communities interests and needs. Following your Event Request Form submission, national team members will assist in the process.

One of our newest membership benefits, LegalShield, offers high quality legal and identity theft services at a discounted rate through the National Dental Association plan. Our plan also allows dental staff to access legal services and advice. Visit the website to sign-up.

NDA Membership portal is now available for you to update your personal information 24hr/7days a week. Our next steps in the portal development are to add member continuing education information, search for dentist options and discounted webinars, services and products. You may access the membership portal through the NDA website www.ndaonline.org, click the Member's Only Login key at the top center. You must have a current email address in our system to use the members only portal. Sharing your email address allows us to communicate with you in a "greener" capacity, which not only improves the environment but allows for rapid information delivery.

The Gulf State Dental Society, Scientific and New Dentist Committees, in conjunction with the National Office, are planning a magnificent convention for you at the Sheraton Dallas Hotel, July 19 – 23, 2017. One of our annual convention goals is to provide our members with memorable moments and experiences while enhancing their skills and knowledge.

Some of the convention benefits and experiences this year will be:

- Great Line-up of speakers – Dr. Caswell Evans, The Madow Brothers, Dr. William Paveltz, Dr. Westley Clark, Deborah Nash, Dr. Anissa Holmes, Dr. Anthony Neely, Dr. Edward Williams to name a few;
- **Opening Session Keynote Thursday July 20** - Ms. Edna Kane-Williams – AARP Senior Vice President, Multicultural Leadership;
- Civil Rights Luncheon Keynote – Harry E. Johnson Sr. – MLK National Memorial President & CEO;
- Networking Opportunities with New & Old Colleagues; and
- Exhibit Hall celebrity surprises while you sample products and services with corporate partners and exhibitors.

Registration is still open. You may register at www.ndaonline.org or call us directly at **877-329-7973**. You can secure your hotel reservations via the NDA web link or by calling the Sheraton Dallas Hotel at **1-888-627-8191** our group code is NG18AA. The NDA host hotel official link is: <https://www.starwoodmeeting.com/events/start.action?id=1612076388&key=3803F9A8>.

Remember my door is always open to listen as we move to enhance and improve oral health in our communities. I look forward to working with and seeing you in the Dallas, Texas where **BIG Things** happen!!!!!!

White spots are the earliest stage of decay and is reversible

Left untreated, the area may continue to break down, resulting in early enamel decay

Restoring the tooth with a filling is often necessary

Infected pulp, or nerve, can cause an abscess, which can require root canal treatment

Both children and adults are at risk of developing cavities, or tooth decay. Cavities are the result of poor oral hygiene and retained dental plaque on the tooth surface. Bacteria in plaque produce acid that destroys the tooth's enamel and its underlying layer the dentin, and can eventually reach the tooth's nerve.

WHAT CAN I DO TO PREVENT CAVITIES?

Take these simple steps to avoid the pain and consequences of cavities:

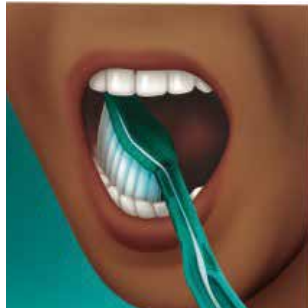

- Brush at least twice a day using a fluoride toothpaste, which strengthens teeth
- Floss at least once a day

- Use fluoride treatments or supplements as provided by your dentist
- Eat tooth-healthy foods such as fresh fruits, vegetables, cheese and other dairy products.
- Avoid sugary snacks and beverages

THE RIGHT WAY TO BRUSH

Clean the outer surfaces of your upper teeth, then your lower teeth by brushing away from the gumline

Clean the inside and chewing surfaces of your upper teeth, then your lower teeth using short back-and-forth strokes

Gently brush your tongue to remove odor-causing bacteria for fresher breath

THE RIGHT WAY TO FLOSS

Use about 18 inches of floss, wrap around middle fingers, leaving an inch or 2 to work with

Holding floss taut, gently slide up and down between your teeth

Keep floss pressed against the tooth but never snap the floss against the gums

WANT THE BEST PRODUCTS FOR CAVITY TREATMENT AND PREVENTION?

Cavities are not only painful, but bad for you too. Try some Colgate® products specifically designed to help prevent cavities.

CONWAY COMMUNITY HEALTH FAIR

L to R: Dorothy B. Dixon, Colgate; Drs. Deidre S. Williams, Carrie B. Brown, and Freida Grimes-Moore

The Conway Alumnae Chapter of Delta Sigma Theta Sorority, Inc. hosted its first Community Health Fair on April 1, 2017 at Whittemore Park Middle School, Conway, SC. The Health Fair was a part of their Physical and Mental Health Awareness initiative. Deltas have proudly provided community service programs to the communities of Horry County (SC) for over forty years. These programs bring economic and educational development, physical and mental health awareness, political awareness, and international involvement to the community.

"These programs bring economic and educational development, physical and mental health awareness, political awareness, and international involvement to the community."

Themed "The Total Woman: Mind, Body & Spirit", the objective of the Health Fair was to educate, facilitate, and raise awareness about the importance and benefits of lifestyle changes that affect longevity, morbidity, and mortality; identify organizational alliances and preventative resources that will work to help address pertinent health issues; and develop, implement, and promote health-focused programs. The event was free to the public and the targeted audience was women, men, and children of all ages. Unique because it asked all other fraternal and community organizations to participate, and with over one hundred attendees and more than thirty health care professionals, this was an absolute success for not only the Conway

Alumnae Chapter of Delta Sigma Theta Sorority, Inc., but also the community as a whole.

A heartfelt thank-you goes to all who participated, and to name each and every one is next to impossible, however highlighted below are a few of the contributors:

- Colgate Bright Smiles Bright Futures Dental Van with National Dental Association members as volunteers
- American Red Cross Bloodmobile (Collected blood donations)
- American Association of Retired Persons (AARP)
- Mothers Against Drunk Driving
- Mothers Against Violence
- Horry County Fire & Rescue
- Horry County Rape Crisis Center
- Komen Low Country
- Care Team & Family Health
- Girl Trek (encouraging women to include movement in their daily routine)

There were a host of medical professionals on hand: dentists, physicians, pharmacists, psychiatrists, optometrists, chiropractors, nursing students from local colleges and universities, and therapists. They not only engaged participants individually, they also provided presentations on oral health care, mental health and associated stigmas, Alzheimer's, depression and how to recognize the signs of mental health crises, drug and alcohol abuse, prescription medication and alternative treatments for pain, Sickle Cell Anemia, Lupus, strokes, women's health issues, AIDS/ HIV, bullying, mind, body and spiritual counseling, breast cancer awareness, and nutrition. Screenings

were also provided: dental, blood pressure, BMI, glucose, audible and vitals. Our friends at Massage Envy provided three therapists for on-site massages.

To add a little fun, there was face painting, Kono Ice, and inflated slides. It was a very informative, educational and fun day!

Thanks to All!

NDA-HEALTH NOW-New Orleans® “Back-to-School-Cavity-Free!” Program

New Orleans- The second event of the Summer Campers “BACK-TO-SCHOOL-CAVITY-FREE!” program was held at the Milne Recreation Center on April 22, 2017. The first events were held on March 4th at the Treme, Joe W. Brown and Lyons recreation centers. The program is a collaboration of the National Dental Association (NDA), New Orleans Recreation Development Commission (NORDC) and NDA-HEALTH NOW-New Orleans®. The goal is to provide free dental care for the city’s 4,000 summer camp enrollees and to send each camper back to school with happy smiles and a healthy head start. Corporate sponsors are: VOCO, Colgate, Henry Schein, Inc., Sunstar, and the Entergy Foundation. VOCO has donated fluoride varnish applications for the 4,000 students and teamed up with the NDA to develop an informational flyer with fluoride varnish FAQs for the parents and guardians. The project has the support of the Louisiana Department of Health, the State Oral Health Coalition, the New Orleans Health Department, and Hear to HEAL, Inc., a non-profit providing in-kind support.

The program was conceived to address persistent oral health disparities impacting vulnerable and underserved populations. In a major report published in 2010 by the Louisiana Department of Health and Hospitals Oral Health Program, “Oral Health in Louisiana”, a document on the Oral Health Status of Louisiana’s Population, these important findings were cited:

- There are 80 Title I schools in the New Orleans area
- In 2009, 38.5% of 776,127 Medicaid eligible children received dental services
- 478, 533 children covered by Medicaid did not receive dental care in 2009
- 87% of the state is designated as a Health Professional Shortage Area (HPSA), including Orleans and the surrounding parishes (which are also designated as Dental Health Shortage Areas)
- In Louisiana, there is a chronic shortage of oral health data and the state’s Oral Health Program is striving to overcome this challenge.

In 2014, the NDA launched NDA-HEALTH NOW-New Orleans® as part of a national crusade to address issues of access and disparities. But since that time, a popular New Orleans trumpeter, Travis Hill, died while on tour in Japan from a dental infection that caused his heart to stop beating. Unfortunately, preventable deaths from dental disease have continued. NDA-HEALTH NOW® (Health Equity, Access, Literacy, Technology and Hope. National Outreach on Wheels) enlists the support of community partners and a vast network of volunteers to provide dental services and health education to increase access to care. The coordinated efforts of voluntary health organizations, consumer groups, and concerned citizens, are vital to the success of this program.

To date, 182 children have received screenings and fluoride varnish applications, and an additional 167 children and adults have received Oral Health Education. Out of 182 children, 30 children (16.5%) were identified with decayed teeth needing dental treatment and 9 children needed urgent care. Twenty-three children (12.6%) of those screened did not have dental insurance, and 22% (40 children) did not have a “dental home,” or a dental office where they go regularly to receive treatment. Twenty of the children (11%) reported both being insured and having a dental home, yet they still had at least one cavity, reinforcing the point that having dental insurance and a dental provider does not guarantee that ALL of the barriers to care have been removed. The goal is to remove ALL obstacles to dental care.

At her presentation to the summer camp directors at the Treme Center on April 12th, popular local pediatric dentist, Dr. Wanda Augillard, spoke about the program and about plans for each of the summer camps to be visited by the EXCELth Mobile Dental Unit, directed by Dr. Douglas Cross. NORDC is encouraging each of the summer camp sites to conduct a “dental health day.” There are 40 summer camps operating this summer, beginning June 5th and ending August 4th.

The project is supported by a vast network of community organizations, businesses and volunteers including: EXCELth, Inc., Audio Visual Technology, Hear to HEAL, Inc., The New Orleans Dental Society, The Pelican State Dental Society, New Orleans Chapter of the Links, Incorporated, New Orleans Chapter of Jack and Jill, Inc., Kappa Alpha Psi Fraternity, Delta Sigma Theta Sorority, LSU School of Dentistry, Middle Collegiate Church, St. Anne’s Academy, Xavier University College of Pharmacy, Dillard University School of Nursing, National Black Nurses Association, Black Men of Labor, Yellow Pocahontas Indian Tribe Mardi Gras, Sudan Social and Pleasure Club, and the University of New Orleans Pre-dental students.

representing the National Dental Association should be consistent with all published policy papers. Any written correspondence that expresses an opinion on any subject that has a written policy statement, should be sent to the National Office for approval, prior to offering that statement for public consumption. It is extremely important that we speak with one voice as an organization, and that the public is clear about our position. When statements or correspondence differ from the House of Delegates approved statements, it sends an inconsistent message, which could in turn damage relationships inadvertently.

The NDA leadership encourages involvement of local chapters, and they understand there may be different opinions or points of view about a subject or policy, but we can only speak with one voice and with a consistent message if we truly wish to be heard.

Any questions or concerns about communication must be directed to Dr. Wayne Walker, Speaker of the House of Delegates (wwalkerdds@aol.com).

Next issue, delegate representation.

Speaker of the House

As many of you know, the National Dental Association is now 104 years old. The founders set up a Constitution and By-laws document to govern and direct the activities of the organization. Over the years those documents have evolved with the times. Most recently being updated in 2012. The House of Delegates is the body that sets policy and monitors the Constitution and Bylaws. To that end, the Constitution and Bylaws Committee is a standing committee of the House of Delegates.

With each coming issue of the Flossline we will try to have a short update on procedures and policies of the NDA.

In this issue we will focus on correspondence. The House of Delegates being the policy-making body is a representation of the local components and constituent chapters. The House of Delegates writes and prepares position papers on several different areas that it believes are consequential to the well-being of our members and the communities we serve. All statements issued by any member, chapter, or officer that is specifically

Awards Competition

Colgate®

**BRIGHT SMILES,
BRIGHT FUTURES™**

A Children's Oral Health Improvement Program

Two winning NDA chapters will each receive an engraved plaque and \$1,000 Awards will be presented at the NDA Presidents' Luncheon Friday, July 21, 2017, Dallas, Texas.

For the twenty fifth year, Colgate and the NDA will recognize NDA chapter(s) for their outstanding contributions to community outreach and oral health scholarships respectively. Applications are being accepted now. Please see details below about the Colgate Bright Smiles, Bright Futures® Award Competition.

AWARDS: Two awards will be presented. One will recognize the NDA chapter that has demonstrated outstanding achievement in community outreach. The second award will honor the chapter that has shown the greatest commitment to minority oral health scholarships.

ELIGIBILITY: The competition is open to all current NDA chapters.

DEADLINE: All entries must be received no later than June 23, 2017.

JUDGING: Entries will be judged by a distinguished panel of independent authorities. Winning entries will be selected on the basis of the criteria listed below:

Community Outreach

Entries will be evaluated on their originality, quality and relevance to improved oral health. Submissions should include a complete written description of the program, results or research, if available, and any visual aids (photos, slides, etc.) that can enhance understanding of the entry. Only programs in operation during the period beginning June 30, 2016 and ending June 15, 2017 are eligible.

Oral Health Scholarship

Entries will be evaluated on their level of commitment to minority scholarships. Submissions must include a description of the fund raising activity and the total dollar amount implemented in minority scholarships for the period beginning June 30, 2016 and ending June 15, 2017.

SUBMIT ENTRIES TO:

National Dental Association (NDA),
6411 Ivy Lane Suite 703
Greenbelt, MD 20770
Attn: BSBF Awards
Fax # 240.297.9181

Materials submitted will not be returned.

RULES: One winner per category. The decisions of the judges are final, binding and conclusive in all matters.

Colgate is proud to sponsor this annual awards Competition. It is hoped that this event will encourage community outreach and oral health scholarship efforts at the local level – and in the process, promote better oral health nationwide.

OFFICIAL RULES

1. COMPETITION: The "Colgate Bright Smiles, Bright Futures Awards Competition" is open to all current National Dental Association (NDA) chapters in good standing. Two awards will be presented. One will recognize the NDA chapter that has demonstrated outstanding achievement in community outreach. The second award will honor the chapter that has shown the greatest commitment to minority oral health scholarships.

2. HOW TO ENTER: Submissions must be typewritten and include a cover sheet with the NDA chapter, name, address, contact person, telephone number, date program ran, and a brief synopsis of the program. Submit entries to the NDA Executive Office, Attn. Cyndie Graddy, 6411 Ivy Lane Suite 703, Greenbelt, MD 20770. Fax 240-297.9181. The NDA, Colgate-Palmolive and its agencies are not responsible for damaged, lost, late illegible, incomplete, postage due or misdirected entries. All entries must be received no later than June 23, 2017.

3. SUBMISSIONS: Submissions may be in any format and must include a complete written description of the program. Accompanying visual aids (photos, slides, etc.) are welcomed. Only programs in operation during the period between June 30, 2016 and June 15, 2017 are eligible. All submissions and accompanying materials received will be returned. Community Outreach submissions must include if available, a statement of results or research and visual aids that can enhance understanding of the entry. Oral Health Scholarship submissions must include a description of the fund raising activity and the total dollar amount implemented in minority scholarships for the period beginning June 30, 2016 and ending June 15, 2017.

4. JUDGING: Community Outreach submissions will be judged equally on their originality, quality and the program's relevance to improved oral health among minorities in the community. Oral Health Scholarship submissions will be evaluated on their level of commitment to minority scholarships, based on the chapter's success in its fund raising activities for minority scholarships, as measured by the total dollar amount implemented for the period beginning June 30, 2016 and ending June 15, 2017 and the number of students who benefited from the scholarship program. Originality of the program will also be taken in consideration. Judging will begin about June 30, 2017 by a distinguished panel of judges including independent authorities prominent in the areas of community outreach and oral health. Decisions of the judges are final, binding and conclusive in all matters.

5. AWARDS: A commemorative engraved plaque will be awarded in each of the two categories. Community Outreach and Oral health Scholarship. In addition, two cash awards will be presented: 1) Community Outreach - \$1,000 will be awarded to the NDA chapter submitting the best program based on the criteria stated above; and 2) Oral Health Scholarship - \$1,000 will be awarded to the NDA chapter with the best program based on the criteria stated above. One prize per category. Limit one prize per chapter. Prizes are non-transferable; no prize substitutions.

6. OTHER CONDITIONS: Chapter winners will be announced and awards presented at the NDA Presidents' Luncheon on Friday, July 21, 2017, in Dallas, Texas. An authorized representative from each winning chapter must be present to accept the award or an alternative winner will be selected. Winners will be responsible for all costs associated with their attendance at the NDA Meeting. Chapter winners will be required to sign and return an affidavit of eligibility and publicity and other appropriate releases as a condition of receiving a prize. By accepting prizes, winners release Colgate-Palmolive, its respective affiliates, subsidiaries, advertising, promotion and other coordinating agencies, from any and all liability including but not limited to injuries or damages of any kind sustained in connection with the receipt, ownership, or use of the prize or while traveling to, preparing for, or participating in any prize-related activities. By entering this contest, each entrant agrees to abide by these Official Rules. Contest is void where prohibited.

7. ELIGIBILITY: Contest open to all current NDA chapters in good standing. Employees of Colgate-Palmolive, its respective affiliates, subsidiaries, advertising, promotion and other coordinating agencies involved in this competition and the immediate families of each are not eligible to participate.

The National Dental Association Presents
The National Dental Association Foundation (NDAF) and Colgate-Palmolive
**FACULTY RECOGNITION
AWARDS**

Eligibility:

The National Dental Association Foundation (NDAF) and Colgate-Palmolive invite you to participate in the Faculty Recognition Awards Competition.

These awards represent recognition of individuals whose actions produce a balance between dental educators and dental practitioners through joint efforts of the National Dental Association and the American Dental Education Association.

The recipients of these awards will be individuals who have demonstrated excellence, professional development and a willingness to support and help others in their quest for knowledge and advancement.

How to Enter:

U.S. dental deans, associate/assistant deans or department chairs may nominate candidates. In addition, a faculty member may self-nominate with a letter of support from a dean-level administrator or department chair. Nominations must address contributions in an award category: teaching, research, or service (see award criteria below) and include the candidate's curriculum vita. Candidates should only be nominated for one category; failing to clearly identify the category may disqualify the candidate from consideration. Nominations may be submitted by mail or fax and must be received by Thursday, June 15, 2017. Send nominations to:
